The Inspiration: The Art of Handworked Cane

The Aesthetic: Burma by Patty Madden draws its inspiration from the fibrous richness of tropical cane and the expressive artistry of handworked surfaces. Small, irregular forms and broken linear rhythms bring the character of the artisan's hand to an architectural finish. A richly tactile embossing pairs softly defined impressions with an organic, fibre-like ground. Earthen and quietly sculptural, Burma translates the beauty of handcrafted imperfection into a sophisticated backdrop for modern interiors.
