The Inspiration: Quiet Geometry of Crystalline Links

The Aesthetic: Chainite by Patty Madden takes its cue from the intricate bonds and crystalline lattices concealed within mineral formations. Interlocking tonal networks unfold across the wall, balancing geometric precision with an organic sense of connection. Fine linear striations and a tactile, embossed finish reveal delicate shifts of light, creating a surface of quietly sculptural depth. Understated yet richly articulated, Chainite brings mineral elegance and a cohesive rhythm to contemporary interiors.

Product Specifications:

- Type II performance wallcovering
- Weight: 20 oz. per LY
- Width: 52–54 inches
- Backing: Osaburg/Polyester
- Repeat: Random
- Install: Reverse hang / Random match
- CCC-W-408A, B,C,D & ASTM E84
- Tensile strength – 50 x 55
- Tear strength – 25 x 25
- Color fastness to light 200 hrs. – good
- BS2782 – Pass (UK)
- Cold crack at 20F
- Dimensional stability – Pass
- Chemical resistance – Pass
- Flame spread – Class A index 15
- Smoke develop – 40
- Surface resistance – Pass
- Abrasion resistance – Pass
- Material sold in 30 LY bolts
- VOC: meets CA 01350
- Sold in 30 LY bolts
- 5-year warranty against manufacturer defects
