LXB-KOJ-15 Carbon

The Aesthetic: Raw Texture with Woven Warmth

Kojima celebrates the relaxed and expressive irregularity of a loosely woven textile. Fine horizontal threads are woven with slubbed fibres and softly unraveled strands, creating a layered surface that suggests fabric gently weathered by time. Subtle shifts in tone give the weave depth, while its uneven rhythm brings warmth and movement to interior walls. Rich in tactile detail without a rigid pattern, Kojima pairs naturally with wood, warm metals and sculptural furnishings. Its relaxed, artisanal character offers an inviting backdrop where raw texture meets refined modern expression.

Commercial Performance: Tactile warmth with dependable durability

- Type II 20 oz. per linear yard
- Width: 52–54" / 1.32–1.37 m
- Non-woven backing
- Reverse hang / Random match
- Tensile/Tear – ASTM D 4034 / ASTM D 2261
- Seam slippage – ASTM D 4034
- VOC – meets CA 01350
- Anti-microbial / Mildew resistance
- Class A fire-rated
- 5 yr. warranty against manufacturer defects
