The Inspiration: Soft Splendour of Venetian Silk

The Aesthetic: Marbella by Patty Madden evokes the quiet luxury of Venetian silks and the beautifully draped gowns of Italian courts. Vertical threads of shifting colour move across the wall like folds of fabric, their multi-tonal texture catching the light with the soft sheen of aged silk. The pattern's delicate embossed striations lend the surface a graceful sense of height and a depth that reveals effortless elegance. Definitively atmospheric, Marbella brings the romance of historic textiles into modern interiors.
